SWITCH™

e-Rig Direct Airflow Technology

100900

The Dr.Dabber® Switch™ is the next generation of vaporizer, utilizing induction heating as a clever solution to many of the most common issues affecting traditional vaporizers.

Aside from benefits like no-leak sealed electronics, industry-leading heating times, superior battery life and unparalleled functionality, the Switch's patent-pending induction heating technology allows the device to heat to target temperature in an incredibly short amount of time.

Ghost™

10001

Since the inception of Dr.Dabber®, the Ghost™ vape pen has been a staple in the dabbing world. One of the first pens made specifically for concentrates, the Ghost set the standard for convenient, low heat dabbing.

The Ghost's Titanium Technology heats to the ideal temperature slowly, eliminating the burnt, electric taste synonymous with vaporizer pens, ensuring you can get the most flavor out of your oils or waxes.

Dr.Dabber® Ghost™

KIT CONTENTS

- Ghost Vaporizer Pen
- Dab Tool
- Replacement Atomizer
- USB Charger
- Silicone Storage Ball
- Instruction Manual

Light™

A2847

The Dr.Dabber® Light™ vape pen is the compact counterpart to the Ghost™. Redesigned with the atomizer built directly into the Light's mouthpiece, this revamped vape pen features the same great technology you've come to know and love, now in a slimmer package.

Packing the same award-winning technology into a smaller design, the Light is big on flavor, but small on compromise. Featuring the same high-quality components you've seen in the Ghost, incorporated into a slimmer, stealthier design, the Dr.Dabber® Light™ can go anywhere you need to be.

Dr.Dabber® Light™

The Dr.Dabber® Budder Cutter is a heated, multi-use dabbing device, designed for sticky, hard to manage oils or waxes. The heat source is carefully calibrated to avoid overheating while minimizing heating time to ensure a perfect cutting/loading temperature. It also doubles as a heated loading tool for our vaporizer pens. Featuring interchangeable heating tips, the Budder Cutter is an innovative, versatile tool suitable for many different materials and applications - designed for the dab connoisseur.
